Daniel Players To Present South Pacific

South Pacific, the Rogers and Hammerstein musical, will open an eight performance run at the Daniel Campus of Southside Virginia Community College in Keysville on July 29 with a student performance. General public performances are on July 30, 31, and August 1. The show will reopen on August 5 with a second student performance and general public runs on August 6, 7, and 8. Performances will be at 8:30 p. m. in the student center of the college. There will be a dinner theater on August 7 at 6:00 p. m. The dinner is by reservation only and reservations may be made by calling 736-8484 or 568-3551.

South Pacific is one of the most popular musicals ever to make a run on Broadway with such memorable songs as "Some Enchanted Evening", "Nothing Like A Dame", "Younger Than Springtime", "Bloody Mary" and "Bali Ha'i". It is a tender love story with two endings, both affected by the events occuring in the Pacific during World War II.

Returning to the Daniel Players stage are such familiar faces as Charles Stebbins in the role of Emile DeBecque, Stuart O'Steen as Lt. Joseph Cable and Henry Emmerson, Danny Ramsey, Werner Redd, and Barbara Wood in supporting roles. Newcomers to the Players includes Brenda Evans as Nellie Forbush, Diahn Simonini in the role of Bloody Mary, George Utley as Luther Billis and Linda Sauve, Dave Johnson and Will Bryant in supporting roles. Also in the large cast are many other familiar and new faces which make this production truly representative of Southside Virginia. The show is directed by Dudley Sauve and the music is in the capable hands of Robert Blasch of Farmville. Mordi Gassner's talents are once again displayed in the unique set created for South Pacific.

she baked bread during the last days of the Civil War. (This particular doll was made by her eight year-old grandson, William, some years ago).

One of the most interesthg characters represented in the collection is Jose Walker Sweeney, born in 1810 in Buckingham County, now near the Surrender Grounds in Appomattox County. Sweeney was the inventor of the five-string banjo and became an internationally known entertainer.

Another of Mrs. Harvey's creations of local interest is that representing Lucreta McLean. It is a copy of the Meissen doll given to "Little Lula" to replace the rag doll - called the "Silent Witness" because it disappeared after Lula left it in the room in which Gen. Robert E. Lee surrendered to Gen. Ulysses S. Grant on that fateful day in April 111 years ago.

Mrs. Harvey says that although her dolls "were sculptured to resemble the people they represent, much of their identity is lost in cleaning and firing the small objects, resulting in something of a caricature."

Each doll is fired in the kiln at her historic home, built in 1791, and the dresses are from the costume of its period. These dolls have won national recognition and six of them are on display in the Department of Justice Building in Washington, D.C.

"I love to show them and I love to talk about my collection," Mrs. Harvey commented happily.

LOCAL VA. EMPLOYMENT COMMISSION ACQUIRES EXPANDED TELEPHONE SYSTEM

JULY 16 - It was announced today that the Lynchburg Office of the Virginia Employment Commission would increase the number of local telephone lines as well as the long distance, Virginia only, State Control Administrative Telephone System (SCATS).

Mrs. Lucy O. Spencer, Assistant Manager of the Lynchburg Virginia Employment Commission office, noted that the newly assigned telephone numbers will be:

804-528-1141
804-528-1142
804-528-1143
804-528-1144

and technically involved a new search system designed to trigger the 528-1141 number first and, if busy, automatically switch to the next sequential telephone, thus identifying a free line for incoming calls. Mrs. Spencer further indicated that the C & P Telephone Management plans to have the new system operational as of the start of business on Monday, August 2, 1976, at 8:15 A.M.

In further commenting on this improvement, Mr. J. H. Riddel, Manager of the Lynchburg Virginia Employment Commission, said that this change in telephone service was an essential need to meet Public, Employer and Commission requirements to effectively and efficiently deal with the affairs of the Commission and promptly serve all persons in the Administrative Areas of Appomattox, Amherst, Bedford and Campbell Counties as well as the Cities of Lynchburg and Bedford. The current system was initially installed in 1971, and Mr. Riddel noted that progressive changes of this nature would, for the short term, create some inconvenience and confusion; however, he pointed that everyone will be better served by this added telephone capacity and asked that these changes be noted for future reference.
